SUMMARY:

1. Mormons are not Christians.
2. Mormon faith is more Hindu than biblical.
3. Mormon salvation is works-based.
4. Mormons have different gods, a different Christ, different Scriptures, a different gospel, a different grace and a different heaven.
5. Mormons lead themselves and others to hell.
6. Mormons try hard to close any gap between them and true Christians.

Contend with tears!

Discussion Questions

1. Why do Mormons work hard to close the gap between themselves and true Christians? Which tactics have worked best for them in this deceptive work?

2. Why is it that Mormons and other false religions and the cults have their own "scriptures"?

3. In what ways do Mormons twist God's grace? In what ways do other groups do the same? Why is grace so typically targeted?
